That's fine with me, Lee. OU 3-14 sounds like as good a place as any and will probably be the next ROD. I concur with your suggestion.

Thanks,

Rachel

Rachel, we're trying to find a "hold" spot for WAG 3 new sites in the administrative record. Since the agencies haven't clearly identified what ROD they are to be memorialized in, we need DOE direction in terms of where to "park" them until a decision is made. We recommend that for the time being, OU 3-14 be identified for all WAG 3 new sites - unless otherwise clearly determined by the agencies.

Please send us an email with your written concurrence on this recommendation - or identify the direction that you'd like us to proceed.

Thank you.
